EXAMINATION SUCCESS

Hamiltons Chartered Surveyors are pleased to announce that one of its graduates, Charles Daniell, has followed his recent prize-winning achievements with his exams for the Central Association of Agricultural Valuers, by being successful in his final examinations for the Rural Practice Division of The Royal Institution of Chartered Surveyors.

Charles is from a farming background, having grown up on a dairy farm in South Worcestershire, and has been with the firm since January 2005.

Practice Manager, Anthony Pritchard, commented "The results are not only excellent news for Charles but also the firm, which has operated a graduate training programme for many years".

Hamiltons Chartered Surveyors, with offices in Maisemore, Gloucester, Newent, Lydney and Ross-on-Wye, have a diverse client base across public sector, institutions, charities and private clients throughout Gloucestershire and the surrounding counties.
